5/20/02 A00-06-023 Southern California Gas Company, regarding Year Six (1999-2000) under its experimental Gas Cost Incentive Mechanism and related gas supply matters.

Summary: LATE FILED. On May 14, 2002, Marcel Hawiger, staff attorney for The Utility Reform Network (TURN), met with Cmmr. Brown in San Francisco. Belinda Gatti, advisor to Cmmr. Brown, was present for a portion of the meeting. Hawiger stated that TURN found no evidence of manipulation of storage or hub activities by Southern California Gas Company (SoCalGas) that could have caused increases in border gas prices. Hawiger stated that SoCalGas' core ratepayers and shareholders benefited from SoCalGas' hedging program, but that this hedging activity did not increase border prices. Hawiger stated that TURN did not oppose investigation of border gas markets but stated that such an investigation should occur separately from the Gas Cost Incentive Mechanism (GCIM) proceeding. Hawiger expressed concern that the alternate of Cmmr. Lynch did not resolve the GCIM for Year 7. Hawiger stated that any changes to the GCIM aside from those in the proposed settlement should be prospective only.

Summary: On May 15, Leslie Katz, Regional Vice President of Sempra Utilities spoke by telephone on behalf of Southern California Gas Company with Belinda Gatti, advisor

to Cmmr. Brown. Katz referred to the alternate of Cmmr. Lynch and stated that not only does the alternate alter substantive aspects of the settlement; it effectively provides no guarantee that the mechanism outlined in the settlement will be applied to Years 7 and 8. Katz stated that the proposed decision is a more accurate representation of the facts presented in this proceeding and should be adopted.

5/21/02 A01-06-029 Wild Goose Storage Inc., to Amend its Certificate of Public Convenience and Necessity to Expand and Construct Facilities for Gas Storage Operation.

Summary: On May 16, 2002, Michael Day, counsel for Wild Goose Storage Inc. (Wild Goose), met with Cmmr. Lynch in San Francisco. Also present were Trina Horner, advisor to Cmmr. Lynch, Brian Prusnek, Regulatory Analyst for the Energy Division, and Philip Davies, Vice President and General Counsel, and Sandra McCubbin, lobbyist, for Wild Goose. A follow-up letter (attached to the notice) was sent to Trina Horner on May 17, 2002. Wild Goose representatives indicated that it was preparing to commence construction of its expansion this summer. Davies explained that a decision was required as soon as possible in order to permit construction during the very limited dry season in the Butte Link area. Day indicated that it was not critical to determine the precise need, if any, for additional Pacific Gas and Electric Company backbone capacity, as Wild Goose had submitted evidence that over 850 MMcf/d of capacity would be available for peak period storage withdrawals on the PG&E system at the time the Wild Goose expansion came into service. Day further indicated that the need for additional capacity would have to be reconsidered in light of actual experience in operating the backbone pipeline in conjunction with the new independent storage capacity, and that this was best left to another phase of the expansion case or Gas Accord II.

Investigation into the natural gas procurement practices of Southwest Gas Company.

Summary: On May 20, 2002, Dennis Hansberger, Supervisor of the Third District of the San Bernardino County (County), met with Lynne McGhee, advisor to Cmmr. Duque, Trina Horner, advisor to Cmmr. Lynch, and Kevin Coughlan, advisor to Cmmr. Peevey, in three separate meetings in San Francisco. Also present were Mary Patterson, Field Representative for Supervisor Hansberger, Lori Panzino, Division Chief, Franchise Programs, and Tom Beach of Crossborder Energy, consultant, for the County. Written material (attached to the notice) was used. Hansberger described the hardships that the extreme spikes in Southwest Gas Corporation's (Southwest) natural gas rates had inflicted on the citizens of the County. Beach stated that the record shows that Southwest entered the winter of 2000-2001 with its storage capacity for its core customers only 11% full. Beach noted that it was inappropriate to compare Southwest's gas cost rates to those of San Diego Gas & Electric Company. Beach referred to the County's disallowance calculation, and compared it to the recommendation of the Office of Ratepayer Advocates. Hansberger expressed the hope that the Commission would make the ratepayers of the County whole for Southwest's error in failing to adequately protect them from the risk of adverse market conditions.
